

**Swedish ITF Federation**

in collaboration with

**SkövdeTaekwon-Do**

invites to the

**Swedish Taekwon-Do League**

competition 3/2026

## Welcome to the Swedish Taekwon-Do League!

The Swedish Taekwon-Do League (STL) was established in 2018 and consists of three competitions that always take place during the spring. The league's main purpose is to offer Swedish athletes the opportunity to compete at a high level within the country, with four competition disciplines: sparring, pattern, special techniques and power test. The STL series also serves as a qualification tool for the Swedish Taekwon-Do federation, with the goal of selecting Swedish champions and supporting the national team coaches in the selection process for the national team.

In recent years, STL has started to welcome participants from other countries outside Sweden, which has led to competitors from Finland, Denmark and Norway also participating on several occasions. This year, the board of the Swedish ITF Federation made the decision to open the STL series to yet another neighbouring country – Poland.

Since STL is still the main tool for selecting the country's top participants, we need to adapt the league system to competitors from other nations. In short, this means that foreign participants' results are presented in the respective STL results but are not included in the summary for the entire series. The summary consists of national ranking points which are the base of selection of the Swedish national team.

We welcome you to the Swedish Taekwon-Do League  
a competition where talents are given the opportunity to develop  
and reach championship level.

Best regards  
GM Swavek Dydiszko  
President  
Swedish ITF Federation

## 1. Time and place

Date: Saturday, 9<sup>th</sup> of May 2026  
 Competition hall: Arena Skövde  
 Address: Egnells Väg 1, 541 30 Skövde  
 Competition start: 09.00

## 2. Divisions and classes

The following classes and divisions will be applied for the foreign competitors during STL:

DIVISION	RED/BLACK
<b>JUNIOR</b> (15-17 year)	2 Kup - 1 Dan
<b>SENIOR</b> (18 year and older)	2 Kup - 6 Dan

### Important!

Please note that the age category is determined by the exact age on the day of the competition.

## 3. Sparring

The weight classes (kg) for participation in sparring are as follows:

### JUNIOR

Female: -53, -57, -61, -65, +65  
 Male: -55, -60, -65, -70, -75, +75

### SENIOR
